HCO EXECUTIVE LETTER OF 4 JUNE 1965

TO: STAFFS  
 FROM: RON  
 SUBJECT: OCA GRAPH OF WOMAN BEFORE AND AFTER ELECTRIC SHOCK TREATMENT

The following graph was sent by Tom Morgan, Registrar for New Zealand HASI, and was done by a woman who had shock treatment. She couldn't get out of having it after doing the first graph but returned to HASI on her own determination so that we have a record of the difference in her. Tom doesn't mention if they processed her afterwards.
