Good News

To start the New Year Right, AD 19 begins with Tech getting in-in-in over the world, stats going up, celebrities coming in, English MPs beginning to appear for processing, and staffs everywhere on the ball.

It is not a good New Year for the World Federation or their local "National" mental "health" organisations. We have brought their status under review at the UN, have a law against psychiatry going into the UN general assembly and are busy chopping down their appropriations charity gifts and a few more actions even more effective. We were obviously the wrong people to declare war on. Well, I suppose you don't win empires without wars. Nice if you could but you evidently don't. All this is a good action in itself as it takes the heat off a few million poor devils in their private and expensive prisons. So any attacks on that crowd is a good action in itself.

For the rest of the world, we hope 1969 will be a more sensible year with less wars, less cries of alarm, more competence in the governments.

We've gotten this far - After Dianetics 19. We're in better shape than ever. And we're getting on with it.

So happy New Year to you!
