HCO POLICY LETTER OF 1 JULY 1968

Remimeo
Exec Hats

WARNING SIGNS

(Originally written by LRH as FO 980 and LRH ED 10 Int
on 1 July 68. Issued as an HCO PL on 21 Mar. 70.)

Any executive should take note of the following points and consider them as definite warning signs of imminent danger.

1. An area or individual producing no reports is soon to take a very steep dive.

When you don't hear from an area you can be assured there is something else going on. So admin is out. Tech must be out and ethics is going fast if not gone.

2. An area which issues false reports can be considered to have had its ethics pass over the cliff way way back. This should be pounced on fast fast fast.

Use these and it will take a lot of trouble off your lines.
