HCO POLICY LETTER OF 29 JUNE 1971R

Remimeo

Issue I
REVISED 24 JUNE 1988

POLICY ON PSYCHIATRIC AND MEDICAL FAILURES

Ref:

HCO PL 29 June 71 II

PUBLIC WARNING ON PSYCHIATRY

POLICY IS THAT WE ASSIGN ANY CASE OF UPSET IN SCIENTOLOGY TO PAST DAMAGE AND INTERFERENCE WITH THE PERSON BY MEDICINE OR PSYCHIATRY. THEY WERE SENT TO US AFTER MEDICINE OR PSYCHIATRY HAD ALREADY DESTROYED THEM. WE CANNOT BE BLAMED FOR PSYCHIATRIC OR MEDICAL FAILURES.

By continually repeating this, make the AMA, the National Association of Mental Health, etc., very wary of using our name on these psychiatric and medical failures. Both subjects are guilty and the statement is demonstrably true. Use it often. Make it known to the enemy that this is our policy as a restraint on their fetid imaginations. Or an "Every time you attack us we will disclose more records of your failures."

We will also run this policy in *The Auditor* and on other channels.

Psychiatry and medicine began this existing death and drug scene and it's time somebody began to say so. It is the true reason for any failure we have ever had. All such records show it.

They're just trying to cover up their crimes by saying somebody else is to blame.

All psychotics do that, especially psychiatrists.

We may as well begin to publicize the correct cause for any cultural decay in both the East and West.

A weird society really, in which any liar can spread unbelievable nonsense and authorities act on it. If those in charge in the US and England are this irresponsible (and they are) then they are fitting companions for dishonest and degraded "social scientists."

I wouldn't trust any of these guys with the garbage.

Strangely enough little countries have maintained much greater integrity than the "leading nations." And boy do these little countries get lied about and pushed around!

This was a fairly happy planet before the coming of the psychiatrist and psychologist.

In spite of any accidents or opposition, we can do our share in making it one again.
